Ensuring Bold Park Community School is a safe, inclusive and nurturing space for our students and their families has always been our priority.

This is why the recent news that Paul Whitehead has been arrested and charged with several serious offences has come as such a shock to us all. The ongoing concern for our community is indeed palpable among our many dedicated educators and support staff, all of whom are committed to the delivery of exceptional education within a safe and nurturing environment.

While the WA Police have released a statement confirming that the charges do **not** relate to students at Bold Park Primary School, we understand that families, past and present are deeply distressed by the situation and may have many questions and concerns.

We stand with everyone who has been impacted by this situation, and will do all we can to support you, and to uphold the integrity, safety and sanctuary of the school.

As this matter is being handled by the WA Police, with a court hearing pending, we do not have further details about the case to share at this time, other than what has already been shared publicly.

Our current focus is on supporting our staff, students and families; and ensuring Bold Park Community School maintains its high standards and enriching education environment.

Ms Felicity Kinsella will continue as Acting Principal – a role she has undertaken for the past six months. The School Board has every confidence in her ability to lead our school. We will ensure that any action to appoint new leadership is taken in a timely and considered manner.

If you are struggling with this shocking and challenging news, and would like support, please reach out to our team at business@boldpark.com

Our beautiful school will stand firm as a close-knit community, finding strength and comfort in our shared support for one another.

We remain proud to be your representatives at Bold Park.
